Functional Skills- Maths and English

Functional Skills will provide learners with the problem-solving skills they require in the broader context of work and everyday life. By successfully achieving their functional skills qualifications, learners will be able to demonstrate to employers and Higher Education that they:

- Are able to apply knowledge and skills and respond appropriately to all sorts of real-life contexts
- Have the mental agility to take on challenges in a range of new and often unforeseen settings
- Are able to independently work out what to do
- Recognise and expect that tasks may require persistence, thoughtfulness, struggle and reflection.

This qualification is offered at Entry Level 1 – Level 2 in Maths and English

Entry Requirements: Acceptance onto this course is subject to successful guidance interview & assessment test.

Assessment: A portfolio of work is to be submitted for moderation

Awarding Body: NCFE

Progression Route: On completion of this course you may choose to undertake further study.
